## MISSION STATEMENT

Our belief is that everyone is created to live an abundant life. A life where they reach their God given best. This abundant life is one where they are whole and complete because they know and believe that they are created with a plan and a purpose that is specific and special just to them.

We have been blessed to live in God's country and He has given us a heart and passion to reach out to children, families, and underprivileged youth to offer them an opportunity to experience this Abundant Life that God has so generously given us. We serve Him by helping others through our shared passion of horses and the ranching lifestyle.

### Fall:

- ~ Group Session
- ~ One-on-One 90 Minute Session
- ~ Fundraiser
- ~ Cowboy Gathering
